PRODUCT CATALOG

WHO WE ARE

At Pronotice, we strive to be a dynamic distributor and importer, focusing on both eco-friendly and traditional disposable products for the food service industry. With our roots in Sweden, we aim to establish and expand our local presence in the U.S.

With experience spanning over 15 years in supply chain solutions, we aim to maintain a global presence with offices in the U.S., Europe, and Latin America, reflecting our importing and distribution expertise.

We seek to foster long-standing relationships with manufacturers, with the firm intention of offering potential savings to our customers.

Our selection, which we endeavor to make extensive, includes a variety of disposable food service products, including options in sustainable materials and compostable alternatives. Through our Econotice brand, we strive to meet the growing demand for sustainable solutions, whilst we also aim to serve the janitorial, sanitation, industrial, and hospitality industries, aspiring to be a reliable source for all disposable needs.

Our mission is centered on the ambition to be your go-to source for disposable food service needs, with a strong focus on environmental responsibility. We are committed to offering customized sourcing and delivery solutions that aim to ensure continuity of supply and potentially reduce costs.
